Hello, this is the Village of Norridge calling to remind you that as published in the October and December issues of the Village newsletter, F.Y.I., as of October 1<sup>st</sup>, 2020, your street is now designated as a snow route. Village ordinance states that residents are prohibited from leaving an unattended motor vehicle on any designated snow route street after two (2) inches of snow has fallen until snow removal is completed. Signs have been installed to reflect this designation. The Village has a snow hotline for residents to call to see if the snow route enforcement is in effect. That number is 708-583-5775.

Again, you are receiving this call because your street is now a designated snow route enforced street. This means that if you do not move your vehicle off the street after two inches of snow have fallen, your vehicle will be ticketed.

If you have any questions, please contact the Village Hall at 708-453-0800. Thank you and have a nice evening.
