RE: Backflow Testing Procedures

Please adhere to the following procedures when submitting backflow assembly test reports.

Requirements for Backflow Assembly Reports:

- All backflow assembly test reports must be submitted via the BSI Online backflow tracking system at www.bsionlinetracking.com.
- For each report submitted you will be required to pay a filing fee and adhere to all policies and procedures of BSI Online.
- Reports submitted in any other manner will be returned to you.

Your cooperation is appreciated. For additional information contact:
