

Friday Facts

We are frequently asked... “Is the Village of Norridge Santa Claus the REAL Santa Claus?”

The Village of Norridge is the only municipality that receives a visit from the REAL Santa Claus every year. He visited the Village of Norridge on November 25th to hear the wishes of all the good little boys and girls of Norridge, and assisted Village President Daniel Tannhauser by flipping the switch to light up the Village at our annual holiday tree lighting ceremony. On December 16th, we sent him back to the North Pole in grand style with a “Santa Send-Off” through the streets of Norridge. So yes Virginia, there really is a Santa Claus, and he loves the Village of Norridge.

On behalf of Mayor Dan Tannhauser, the Norridge Village Board, and all Village Employees, a very Merry Christmas to all. Please always remember to keep the magic of Christmas in your hearts.
