

# Friday Facts

## *Important Information from the Village of Norridge*

The Village of Norridge's Social Media Administrators would like to make you aware of a current scam that was posted on our recent Car Show & Touch-a-Truck Event pages. A profile was created, and posted that the Village is looking for participants, vendors, etc., for our upcoming events, and you can pre-register by providing payment to a specific Messenger account.

Please be aware: We have blocked and reported to Facebook these multiple fraudulent posts. **DO NOT CONTACT ANY OF THESE ACCOUNTS!** The Village of Norridge does **NOT** take pre-registration for the car show, or any other Community event that we host. The car show requires no pre-registration, and we do not take any money up front. You show up to the car show, you pay. Don't fall for the hacker! Each time we block the account, a new profile is created and they are posting and trying to interact with our audience.

If you are ever in doubt of something posted on our Social Media pages, please contact the Village Hall at 708-453-0800. Again, do not contact anyone, nor give them any of your information or any payment. Please do not engage via Messenger with any Facebook account other than the official Village of Norridge's Facebook page.
